Student Body to Choose Finalists In Best Dressed Coed Contest

MSC students will vote today to choose the eight finalists for Glamour magazine's Best Dressed Coed Contest.

The Student Senate, headed by Tom Frank, is in charge of the election, which will be held between the old and new Dens. Hours of voting are 10 a. m. to 4 p. m.

Finalists will be elected from 15 candidates chosen by a panel of judges during interviews held Wednesday evening. Ap-

proximately 26 candidates were interviewed and judged on such qualities as hair, make-up, posture, figure, use of color and accessories, and general overall appearance.

Candidates were also asked questions concerning fashion and wardrobe planning.

The eight finalists chosen by the student body will make their final appearance at a style show Tuesday night in the Charles Johnson Theater of the Fine Arts Building. Judges will again evaluate contestants as they model three outfits and answer questions.

The following girls were chosen as semi-finalists during interviews Wednesday evening: Phyllis Aebersold, Rita Bissell, Donna Burns, Ellen Hamilton, Jennifer Heer, Jo Ellen Jobusch, Cynthia Kreek, Kathie Maschke, Janice McRae, Anne Morgan, Jonelle Schrier, Connie Seuell, Patricia Schradel, Terry Stitt, and Betsy Thompson.

The best dressed coed on the MSC campus will be entered in the national contest sponsored by Glamour magazine.

The style show will begin at 8 p. m. Tuesday. The public is invited to attend, free of admission.

Monday through Friday

Movies, Dance, ESP Lecture Scheduled by Union Council

The Union Program Council is sponsoring a series of events throughout the month of February which are expected to be of interest to anyone on campus.

Den movies, at the nominal cost of 25 cents per person, will be presented on Friday and Saturday nights in the Administration Building Auditorium, generally beginning at 7 p. m.

Tonight, *Heroes of Telemark*, will be presented. The story is one of Norwegian resistance to occupation of their country by Nazi troops during World War II. In the film Richard Harris and Kirk Douglas deliver excellent performances as members of the resistance group.

Tomorrow night, *Lilith*, a psychological "art" film will be presented. The movie, starring Kim Hunter, Peter Fonda, and Warren Beatty, has received

highest ratings from critics. Julie Andrews and Paul Newman team up to present *Torn Curtain*, a suspenseful drama about a defecting scientist who is pursued by a very determined girl.

For those who would rather join in the action than watch it on a screen, the council will sponsor more of the popular den dances. For only 25 cents, students can dance to music by some top name bands as well as the latest recorded music.

For the afternoon of Feb. 28, the council has arranged a challenging lecture on Extra Sensory Perception. Mr. Russ Burgess, experimenter in parapsychology (ESP), will deliver what promises to be a well-documented, enlightening demonstration. The lecture will be presented at 4 p. m. in the Ballroom of the Union.

Town, College Prepare International Festival

Modeling typical German costumes they will wear during the International Festival Sunday are Maryville residents Mr. Martin Suess, a native of Germany, and Dr. Robert Dunshee and daughter, Debbie, recent travelers to the European country.

An "International Festival" will transform the atmosphere between 2 and 5 p. m. Sunday in the inner den of the Student Union.

Instead of the usual sound emissions from the juke box, loud laughter and talking, and card playing, 200 MSC students and Maryville citizens will cooperate in staging the world festival with exhibits, a sidewalk cafe, and a variety show.

Collectors' items and artifacts from at least 17 different countries will be featured in the booths, and either international student hosts or world travelers will be in charge of the booths. Mr. and Mrs. Billy Place and Miss Bonnie Magill are responsible for the sidewalk cafe, which will serve typical finger foods from foreign countries.

Native dances and music will comprise the variety show under the direction of Mr. and Mrs. Gilbert Whitney. Pro-

Annual Tower Dance Slated for Mar. 2

Crowning of Tower Queen will be featured at the Annual Dance, "Cobweb of Linked Thought" at 9 p. m. to 12 midnight Mar. 1 in the Union ballroom.

New members of Embers and Blue Key will be honored at the event. Music will be by "The Companions," a campus group.

Admission will be \$1.50 per couple and may be purchased in Bob Dickey's office in the Union and in the Den. Co-chairmen of the dance are Mary Asbell, Maryville, and Jim Gay, Des Moines.

ceeds from the festival will be used to send one or more students from Maryville overseas through the Experiment in International Living program.

Interviews of 20 candidates are currently being conducted to determine the students to represent Maryville in the program. Five finalists will be chosen for selection later by the national office. Last year Jo Ann Montgomery and Robert Foster III represented the college in similar visitations.

Tickets for the event are available in the Missourian office, 116 Colden Hall, or from one of the Maryville banks.

Concordia Choir To Perform Here

The department of music is sponsoring a concert at 8 p. m. Feb. 29 in Charles Johnson Theater by the Concordia College Choir from Moorhead, Minn.

The 66-member choir, directed by Dr. Paul J. Christiansen, has made two concert tours to Europe with plans for a third in the making.

Help Us Tell Story Of Your Organization

The Missourian staff is planning a series of articles designed to give students, faculty, and other interested groups new insight into the programs of college organizations.

Any organization who wishes to be represented in the series should contact one of the Missourian staff leaders.

Vote for Best Dressed MSC Coed Today in Den

Student Legislature Considers Approval for SDS, ESP Club

The MSC Student Senate, in its initial meeting of the second semester, concerned itself with the consideration for approval of two proposed student organizations.

The organizations, an ESP Club and Students for a Democratic Society, both received postponement of action until the Feb. 15 meeting.

Ken Redick, representing the ESP Club, answered questions posed by the senators and explained some of the experiments the club will be working on. He stated that seances, ouija boards, and other things in the spiritual line will be avoided.

President Tom Frank advised Redick to have some of the club's sponsors present at the next Senate meeting.

The other major area of business for the Senate was a controversial discussion centering around the acceptance or rejection of the SDS constitution. Senators and several student representatives of the organization engaged in debate about the role SDS would play at MSC.

The students explained they wanted to expose the problems affecting MSC students. More specifically, one SDS proponent cited the inadequacy of the Northwest Missourian, stating it was censored by the faculty and not a student newspaper at all.

Senators and their adviser, Dean C. E. Koerble, seemed to be deeply interested in two important points: (1) how strongly the local organization will be affiliated with the much publicized national organization, and (2) exactly what steps the local group would take to expose students to the issues.

A senator suggested that if the organization should be set up, and if they did act in an

unruly or unlawful manner, the senate need only terminate the organization.

Debate ended with the constitution going to the Senate's constitutional committee for final inspection. Dean Koerble said copies will be sent to senators along with additional information about the Students for a Democratic Society before the next senate meeting.

Meeting time for the Student Senate for the second semester was set at 7 p. m., every Thursday.

Director Chooses Cast For 'Ah, Wilderness'

Tryouts for the fourth event of the drama production season, Eugene O'Neill's comedy, "Ah, Wilderness," were completed late last week and rehearsal began immediately for the March 20 opening.

Dr. Ralph Fulson will direct the play with the help of student assistant Anne Nielsen.

The cast includes Loring Miller in the lead role of Richard; Roger Mongold, Arthur; Jerry Eisenhour, Nat Miller; Harold Webb, Sid Davis, and Richard Heinz, David McComber. The part of Wint Selsby will be played by Don Fokman; the bartender, John Hoffman; the salesman, Joel Knutson, and a Horace Mann student will be chosen to enact the role of Tommy Miller.

Also featured in the presentation will be Ruth Martin, as Mildred; Janelle Jensen, Esse, and Sue Blakesley, Lily. Carolyn Farber will portray Nira; Margaret Price, Belle, and Diana Corbett, Muriel McComber.

Gamma Sigma Sigma Installs New Leaders

The Alpha Gamma Chapter of Gamma Sigma Sigma service sorority has installed new officers.

The new leaders are Donna Ring, president; Betty Arnold, first vice president; Eileen Pederson, second vice president; Ruth Long, recording secretary; Chris McConnell, corresponding secretary; Jeane Everett, treasurer; Joan Marek, historian; Marilyn Kesselring, reporter, and Myra Norman, parliamentarian.

Ellen Richardson was inducted into active membership.

Mrs. Virgil Albertini and Miss Barbara Palling are sponsors of this organization.

Ronda Ridnour Leads Alpha Sigma Alpha

Ronda Ridnour, Perry, Iowa, will head the Alpha Sigma Alpha social sorority as president for the coming year.

Other officers on the sorority cabinet are Hila Rankin, vice president; Linda Patterson, recording secretary; Jeanne Cowger, treasurer; Karla Hofer, chaplain; Betsy Thompson, membership director, and Linda Smith, editor.

Vicky Hanna, corresponding secretary; Phyllis Aebersold, assistant treasurer; Joyce Wake, assistant editor, and Lorri Bird, song leader, are other officers. Committee chairmen are Marsha Mundt, social; JoAnn Madden, philanthropic; Mary Asbell, scholarship; Mary Beth McKinney, rush; Donna Merritt, assistant rush; Jan McRae, intramural, and Janet Wilson, magazine.

Sorority representatives with other campus groups are Vicky Hanna, Phyllis Aebersold, Pat Boein, and Vicky Wunder, homecoming committee; Donna Burns, senior, and Marilee Newberger, junior, Panhellenic representatives.

The new officers assumed their duties on Jan. 16.

Gamma Sigma Invites Women to Meeting

Women students of MSC are invited to attend an open meeting of the Alpha Gamma chapter of Gamma Sigma Sigma sorority at 6:30 p. m. Monday in the Upper Lakeview Room of the Union.

Sorority goals and functions will be discussed, along with past and future projects. Further information about the meeting will be posted in the women's residence halls.

Alumni Report

Roger Bell, '66, recently completed his CPA examination and has been added to the professional staff of McGladrey, Jansen, Dunn and Company.

Bell started working for the company in February, after he graduated in January. He was a member of Pi Beta Alpha business fraternity and was active in Veterans' Club while at MSC.

Mrs. Dixie (Bailey) Periman, '63, Denver, Colo., is principal of the First Creek School for Retarded Children. About her work Mrs. Periman stated, "I started this community and state supported school three years ago with eight students. We now have 35 and are building a new school through community support."

The Donald Sandfords to Give Viola-Piano Faculty Recital

Dr. Donald H. Sandford, professor of music, rehearses selections for the forthcoming viola and piano recital which he will give in combination with Mrs. Mary Jane Sandford, assistant professor of music.

Dr. Donald H. Sandford, violinist, and Mrs. Mary Jane Sandford, pianist, will present a faculty recital at 8 p. m. Wednesday in the Charles Johnson Theater.

Together, the couple will play "Sonata in D Major, Op. 15," by Paul Juon, "Sonata (1919)," by Rebecca Clarke, and "Suite (1919)," by Ernest Bloch. Divided into three movements, moderato, adagio assai, and allegro moderato, the first selection was composed at the time when Brahms' music was most influential. It contains a scherzando section which is a device popularized by "Goin' Home" of Dvorak's "New World Symphony."

The second and third compositions were composed by winners of the Berkshire Festival in 1919. These musical works are each separated into several movements. "Sonata (1919)" is an imaginative and feminine piece while "Suite (1919)" is the more masculine of the two.

Dr. Sandford, professor of

WAF Recruiter To Be at MSC

Capt. Ellen A. Steehler, WAF selection officer, will be on the campus Tuesday and Wednesday to confer with women students interested in possible Air Force service.

She will be stationed in the Den, where students may receive counsel without appointment. At 4 p. m. Wednesday, she will speak to Associated Women Students. Any class or campus organization wanting to schedule her as speaker should contact Miss Karen Licklider, dean of women.

Captain Steehler is coordinator of recruiting in an 11-state area. A native of Erie, Pa., she is a graduate of the University of Florida. She was promoted to the rank of captain after three and one-half years of service.

INTERVIEW APPOINTMENT

All seniors who are interested in interviewing for both teaching and non-teaching positions should watch the bulletin boards for notices of interviews, according to Everett W. Brown, director of placements.

music, is the organizer and head of the Inter-Collegiate Chamber Ensemble, primary violinist of the St. Joseph Symphony, and instructor at MSC.

Dr. Sandford studied at Wayne State University with Taras Hubick and at the Eastman School of Music with Francis Tursi. Later he acquired the doctorate of musical arts degree at the University of Michigan.

Mrs. Sandford, who started teaching piano at MSC in 1950, has a Master of Music degree from the University of Michigan. She has done graduate work at the Eastman School of Music, Rochester, N. Y., and is currently continuing her musical studies at the University of Missouri, Kansas City.

In the past two years she has given six concerts with Paul Doktor, New York, noted concert violinist. She has studied with Joseph Brinkman and Eugene Bossert.

Expansion Plans Are Underway For Student Teacher Program

Plans are now underway for an expansion of the student teacher program, according to Dr. Frank Grispino, director of student teaching.

Presently, student teachers are supervised solely by members of the department of education. Through the new program volunteer teachers are to be recruited from other departments to participate in an advisory capacity.

The assistant supervisors will be available to answer any questions, and deal with any specific departmental problems. "The new program will do much to strengthen the quality of the student teaching experience and upgrade the quality of education," Dr. Grispino said.

Education teachers that are involved in the student teacher program include: Mr. Stanley Wade, Mr. Richard New, Dr. Howard George, Dr. Donald

Embers, AWS Offer Scholarships to Women

The Embers, senior women's honorary group and the Associated Women Students are again working jointly to offer two \$150 scholarships to women students.

One award will be presented to a coed who will be a sophomore in the 1968-69 school year, and the other will go to one who will be a junior in that year.

The candidates for these awards should have the qualifications which meet the ideals of the women students on campus. Each nominee will be considered on the basis of scholarship, character, leadership, and service. While need will be considered, it will not necessarily be a major determinant for these awards.

Application blanks, which may be obtained at the office of the dean of women, should be filled out and returned there. Interviews will be conducted this semester.

Women wishing further information on the scholarships should contact Karen Rosecrans, chairman.

Armstrong, Miss Neva Ross, Miss Jane Costello, Dr. Julius Schulz, Mr. Herbert Dieterich, Dr. Roger Epley, Mr. Delbert Masters, Mr. John Mobley, Dr. David Dial, and Dr. James Gleason.

Teachers connected with the program as consultant are Mr. Harmon Mothershead, social science; Miss Mary Etta Scott, home economics; Dr. John L. Harr, social science; Dr. Harlan Higginbotham, chemistry; Mrs. Martha Moss, business; Miss Dorothy Weigand, English; Miss Bonnie Magill, women's physical education; Mr. George W. Barratt, mathematics; Mr. Theodore Weichinger, physical science; Dr. William George, agriculture; Miss Costello, reading, and Mr. David Crozier, industrial arts.

As part of the expansion program, elementary student teachers have been centralized to work in six area schools, Maryville R-II, Savannah, St. Joseph, North Kansas City, Council Bluffs, and Clarinda.

County Art Council to Hold Second Spring Writers' Fair

Students and faculty at MSC have been invited to participate in a second spring Writers' Fair planned by the Nodaway Arts Council to promote interest and participation in the Literary Arts.

A request for contributions has been extended to the public. Exhibitions will include not only poetry, prose, stories, letters, squibs, diaries, editorials, plays, sermons, essays, but also scrapbooks, advertising, radio, and TV scripts, minutes of meetings, Valentines, and news stories, possibly with pictures.

Special features for the '68 Fair consist of a photo-journalism section and creative writing booklets. In the photo-journalism

Mr. D. Boutiette Gets Membership In Organist Group

Mr. Darwin Boutiette, instructor in the department of history, has been notified of his acceptance into the St. Joseph Chapter of the American Guild of Organists.

The lifetime membership in the national organization, which promotes holy music, is controlled by the board of regents of New York State University, Buffalo. Prospective members are reviewed only on the recommendation of other members.

Mr. Boutiette, whose musical training began at the age of six, studied the organ and concentrated on the baroque while he was a student at Moorhead, Minn., State College. During his junior and senior years at Moorhead College, Mr. Boutiette was the organist for the college's various activities.

An admirer of the opera, Mr. Boutiette was an associate under the direction of Madame Jesma, a retired leading opera singer of the Netherlands, while at the University of Paris.

Though Mr. Boutiette has not pursued his music career since coming to Maryville, he is an assistant organist at the Hope Lutheran Church and the First Christian Church.

Students and faculty at MSC have been invited to participate in a second spring Writers' Fair planned by the Nodaway Arts Council to promote interest and participation in the Literary Arts.

A request for contributions has been extended to the public. Exhibitions will include not only poetry, prose, stories, letters, squibs, diaries, editorials, plays, sermons, essays, but also scrapbooks, advertising, radio, and TV scripts, minutes of meetings, Valentines, and news stories, possibly with pictures.

Alpha Sigma Alphas' Dance Is Tomorrow

Alpha Sigma Alpha social sorority will have its annual informal dance from 8:30 to 12 p. m. Saturday in the Student Union.

Members and their dates will dance to the sounds of The Noise, a local band. Invited guests will include faculty members and one delegate and date from each fraternity and sorority on campus.

Delta Sigma Phi Inducts Seven Active Members

Delta Sigma Phi international fraternity activated seven new members on Jan. 7.

The newly initiated actives are Gary Ditsworth, Jefferson, Iowa; Bill Henton, St. Joseph; Gary Howren, St. Louis; Norris Hurlbut, Garwin, Iowa; Duane Newland, Dow City, Iowa; Don Sears, Des Moines; and Bob Sloss, Stuart, Iowa.

... Campus Calendar ...

- Feb. 17 . . . Wrestling at Nebraska University . . . Basketball game with Kirksville . . . Alpha Sigma Alpha Informal Dance, 9-12 p. m., Union . . . Den Movie, "Lilith," 7 p. m., Administration Building Auditorium.
- Feb. 19-24 . . . Regional Basketball Tournament, Lamkin Gymnasium.
- Feb. 19-23 . . . Interfraternity Council Rush.
- Feb. 18 . . . Experiment in International Living, 2-5 p. m., Union.

Vocal Music Major to Present Senior Recital in C. J. Theater

Marcia Leeper and Barbara Gifford study the music Mrs. Gifford will sing for her senior recital Monday evening.

Barbara Gifford will present her senior recital at 8 p. m. Monday in the Charles Johnson Theater.

Mrs. Gifford, a vocal music major from King City, will sing Italian, German, and English selections. The Italian selections are "Non e' ver!" by Tito Mattei and "Visione Marina," Pietro Cimara.

"Dein Blaues Auge," "Sonnntag," and "Das Madchen Spricht," Brahms, and

Nancy Pickett Heads New Library Fraternity

Nancy Pickett recently assumed the position of president of the newly chartered library science fraternity, Alpha Beta Alpha.

Other officers for the organization of library science majors and minors are Janet Nielsen, vice president; Bob Wyatt, corresponding secretary; Julie Curry, recording secretary; Donna Merritt, treasurer; Esther Groesbeck, parliamentarian; and Toni Osburn, reporter.

Mr. James Johnson, Miss Barbara Palling, and Mrs. Carolyn Fisher are the faculty sponsors.

The next meeting will be at 7 p. m. Thursday in the library auditorium.

"Heimliche Aufforderung," Strauss, are the German selections on her program.

The English selections include "Music When Soft Voices Die," Ernest Gold; "When I Bring to You Coloured Toys," John Alden Carpenter; "The Wild Flower's Song," Paul Hindsmith, and "Music I Heard With You," Richard Hageman.

Diana Mannsmith and Susan Goff, piano students of Mrs. Elizabeth Rounds, will both play solos at the recital.

Mrs. Gifford, who will student teach at Savannah the second block, will be accompanied by Mrs. Marcia Leeper.

Gifts for Indians Given at DZ Meeting

"Culture and Customs of the Navajo Indians" was the topic discussed by Mrs. David Easteria at the January meeting of the Maryville Delta Zeta Alumnae and College Chapter.

Mrs. Barbara Bernard, philanthropy chairman, accepted gifts to be sent to the Navajos in Gallup, N. M. The gifts, in the form of money, were placed on a money tree during a special ceremony.

Assistance to the Navajos is a national philanthropy project of Delta Zeta Sorority.

Laboratory Replaces 'Shop' For Industrial Arts Students

Ella Mae Jackson and Connie Gorsuch work in I. A. 22, industrial arts for elementary education majors.

The days of the traditional shop courses are very much in the past as far as the students and instructors of the MSC Industrial Arts Division are concerned.

The "shop" could now be called a laboratory, where the students put to practical application the things they have learned in the classroom.

Current IA students make projects as a secondary means of learning about all phases of industry. Courses now call for 50 per cent — and some 100 per cent — of classroom lecture. For example, a woods course is no longer a means for a student to make a cabinet or a bookshelf, but is primarily a study of wood technology and the wood industry.

The study of industry has come to a head in Dr. Peter Jackson's General

Shop 101 class. Class members have set up an industry complete with a board of directors, a production line, an assembly line, and a group of inspectors. The prime function of the project is one of exploratory nature from the viewpoint of the junior high industrial arts teacher.

A modern aspect of the study of industry at MSC is the recent arrival of over \$3,000 worth of electronics equipment. The apparatus will be used in testing devices built by students. A second course in electronics will be added next semester in which students will study television circuitry. Repair of television sets will also be studied. Students now take a basic electricity course, where they learn the laws that apply to electronics followed by a basic electronics course

Children to Participate In Evaluation Program

Approximately 30 children of Nodaway County will participate in an evaluation clinic Monday and Tuesday at the Horace Mann Laboratory School.

A four-member team from the Washington University, St. Louis, School of Medicine will be here to operate the clinic, arranged by the Nodaway County Easter Seal Society. Mrs. John F. Tobin, Burlington Junction, president of the county group, and Mr. Clifford E. Bruce, member of the MSC speech faculty, have made local arrangements for the service program.

The clinicians include Dr. Wilford Leach, otologist; Dr. George Holtzschere, audiologist; Mrs. Myra Wildman, speech pathologist, and Dr. Earl Hollis, psychologist.

Previously Mrs. Tobin and Mr. Bruce screened possible pre-school and early grade participants from all areas of the county. The Easter Seal Society hopes to start a summer clinic program for Nodaway County.

Accounting Club Plans New Member Smoker

The Accounting Club will have a smoker at 7 p. m. Wednesday in the Sycamore Room for prospective members who have completed nine hours of accounting.

Guests will be informed as to the objectives of the club. Refreshments will be served.

Dean Barnett is president of the organization. Mr. Bill Blankenship and Mr. Jerry Harris serve as sponsors.

in which participants calculate sizes of components for computer circuits.

Mechanical and architectural drawing courses are another important facet of the modern study of industry. Twenty-five hours of drawing courses are offered at MSC. The program is considered the most comprehensive drawing curriculum in this part of the country, according to Dr. Leroy Crist.

Musicians, Artists Combine Talents to Produce Album

Another first for MSC will be the stereo album now being produced to feature the Tower Choir and the concert and jazz bands.

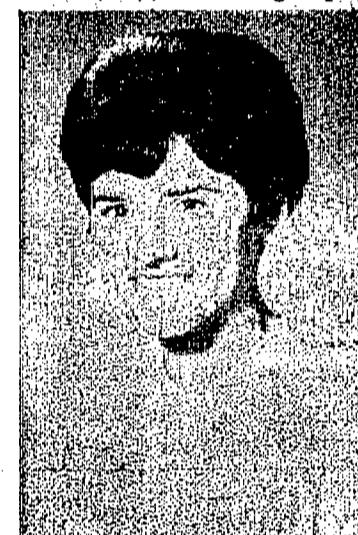

Recording has already started, and plans are being made for release of the album the last of March.

The tentative title of the al-

Coed to Participate

gram as a delegate to Sweden.

Miss Andersen will leave for Washington, D. C., April 14, and from there will go to Sweden, where she will stay until early November. She will reside with five or six different families during her visit and will also talk to Swedish 4-H Clubs.

A junior physical education major, Miss Andersen plans to continue her studies next spring.

bum is "On a Tour" With NWMSC," and the art students on campus are participating in a contest to design the record jacket.

Cost of the album is planned to be \$3.50, subject to production costs; and copies of the record will be available at the Field Service Office. On the album will be various types of music, ranging from spirituals to the latest popular numbers.

Instrumental in production of the album have been Mr. Bob Cotter, Field Service Office; Dr. John Smay, chairman of the department of music; Mr. Byron Mitchell, director of the Tower Choir; Mr. Lance Boyd, director of the concert band; Mr. Earle Moss, director of the jazz band, and Mr. Robert Sunkel, chairman of the department of art.

Miss Sunderman Plans 4-H Trip

Miss Pam Sunderman has been chosen as an Iowa 4-H delegate to participate in the Chicago Home Improvement Study Trip, Feb. 11-16.

The program will include visits to Merchandise Mart Showrooms, Hargi, Inc., Art Institute, Prudential Building, Marshall Fields, Chicago Design Center, and a musical.

She has been in 4-H eight years and has taken sewing, foods, home improvement, junior leadership, and photography.

MSC Faculty Member Ends Long Service with MSHSAA

Thirty-six years of continuous service on the Missouri State High School Activities Association Board of Control has ended for MSC faculty member H. R. Dieterich.

Mr. Dieterich, principal of Horace Mann Junior High School and acting chairman of the department of secondary education, served five terms as president of the board, most recently during the 1960-61 school year. He also served as vice president on five occasions.

Two recent issues of the state-wide publication, "The Missouri High School Activities Journal," have cited Mr. Dieterich for his long span of fine service. The article in the November issue noted: "He has rigidly upheld the standards adopted cooperatively by the schools. His thorough knowledge of the developments in school activities has been extremely helpful to the Association."

For many years Mr. Dieterich was a member of the National Federation Football Rules Committee and was honored by the National Federation of State High School Athletic Associations for his outstanding service to high school athletics.

The December issue of the same magazine printed a letter from Clifford B. Fagan, executive secretary of the National Federation, which said in part: "It is acknowledged that your active participation in the administration of interscholastic

athletics has been longer than that of most of us. This is, in itself, noteworthy and indicative of dedication and interest.

"However, we feel that we owe you a great deal, not only for your extended service, but because you have always taken action on the basis of what you believe is best for the interscholastic athletic program, what is best for the school program, and what is best for the student-ath-

H. R. Dieterich

lete. During the many years that we have known you, you have always, in our opinion, been guided by these principles. As a result, your contributions have always been very sound and a great benefit to athletics."

Mr. Dieterich has also played an active role in college athletics, serving as MSC's faculty representative to the Missouri Intercollegiate Athletic Association since the early 1930's. He served as president of the conference from 1954-66.

A member of the college faculty since 1928, he earned his BA degree at Missouri Wesleyan College and his MA at the University of Missouri.

FLOWERS

MARYVILLE FLORISTS

Biologists Add Rare Specimens To Collection at Northwest State

By Ruth Moore

Population on campus has increased more than 100 since Mr. David Easterla, assistant professor of biology, and three students spent their Christmas vacation in Mexico.

Newcomers include a wild Aztec parakeet, an orange Mexican bulldog bat, and a four-eyed opossum. Along with the other fascinating tropical birds, bats, and mammals gathered by the team, this trio has been expertly stuffed, and labeled. The collection of specimens may be seen in the biology department.

High adventure was the keynote of the 6,000-mile trip for Mr. Easterla and biology majors Larry Watkins, senior, and Richard Rowlett and Lloyd Logan, sophomores.

They saw bands of spider monkeys and flocks of wild white-fronted parrots. One night they caught a record 300 bats in their nets. During Christmas week the men were isolated for six days at a ranch in Teapa, Tabasco, Mexico.

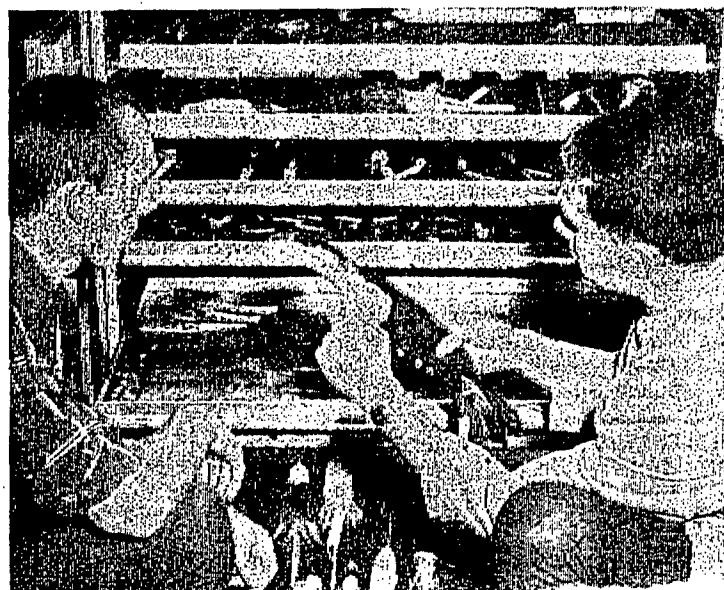

"Sheets of rain poured down for 48 hours," Mr. Easterla recalled. "Then the streams went out, the floods came, and no one could go anywhere."

Largest of the birds captured by the team is a 25-inch Olivaceous cormorant, a water bird which in China commonly is used by fishermen. A ring around its neck prevents the bird from swallowing, and the men are able to retrieve the fish caught.

Mr. Easterla proudly shows the Blue-crowned motmot, known to bird watchers as the pendulum bird because his long, graceful tail swings like a pendulum on a clock. Another beauty is the Masked tanager, whose feathers are iridescent blue, turquoise, and gold.

Two of the strangest birds are the Black-necked stilt, a long-billed shore bird, whose legs look like stilts and the Keel-billed toucan, whose huge bill is used for crushing fruits.

Twenty-five different species are represented in the assortment of bats. The most colorful

Mr. David Easterla, top picture, studies Mexican fauna and discusses other rare specimens recently added to the MSC biology museum with Larry Watkins in the lower picture.

is the Mexican bulldog bat, which is orange with a light streak down its back. It is also the most specialized, according to Mr. Easterla.

"One of the few fish-eating bats, it uses its long toes to scoop fish off the water," explained the biologist.

One of the strangest specimens is Davy's Naked-backed bat, whose fur resembles a jacket rather than a coat. The Greater White-lined bat has a long nose like a shrew. It has pockets in its wings, the function of which is not known. It feeds on insects.

"We found excellent specimens of Vampire bats," Mr. Easterla commented. "They feed only on the blood of mammals, mainly on the blood of cattle in Mexico."

Mammals brought back include a black squirrel, a Mexican Long-tailed weasel, a Rice rat, a Fulvous Harvest mouse, and a tiny Pocket mouse, whose fur-lined cheek pouches are used for carrying seeds.

Mr. Easterla, who has made six field trips to Mexico to study wildlife, stated the objectives of such a trip:

"To observe various forms of tropical life — birds, reptiles, mammals, and amphibians; to gain experience in collecting and preparing specimens under field conditions; and to secure teaching specimens."

"In spite of getting some skin rashes from poison plants, being held up by a flood, and having Vampire bats come too close for comfort, we feel that our trip was highly successful," reflected Mr. Easterla. "It is an invaluable experience for the students of biology."

Honorary Social Science Group Reactivated at Northwest State

Pi Gamma Mu, national honorary fraternity for social science majors, has been rechartered as an active organization on the MSC campus.

The Missouri Xi chapter was inaugurated in March, 1967, by 10 instructors and 19 students. Pi Gamma Mu had been established in 1927 as the Missouri Beta Chapter, but it had been discontinued in approximately 1940. The current president is Norma Wilson Tibbets.

'Silver Opinion' Contest Entrance Open to Coeds

Northwest Missouri State College women have been invited to participate in the annual "Silver Opinion Competition," open to coeds enrolled in selected colleges and universities.

First grand award is a \$500 scholarship; second, a \$300 scholarship; third, a \$250 scholarship. Fourth, fifth, and sixth awards are \$200 scholarships while seventh, eighth, ninth, and tenth are \$100 scholarships. In addition, there will be 100 other awards consisting of sterling, fine china, and crystal valued at approximately \$50.

In the 1968 contest, an entry form illustrates 12 designs of sterling with eight designs of both china and crystal. The entrant lists the three best combinations of these from the patterns illustrated. Awards will be made to those entries matching or coming closest to the unanimous selections of table-setting editors from three leading magazines.

Miss Cherri Thompson is the student representative who is conducting competition at MSC. Those interested in entering the contest should contact her in room 221 Hudson Hall for entry blanks and complete details.

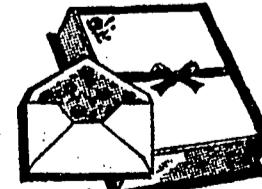

In the 1967 competition Kathryn Spink, '67, was one of the major prize winners of a starter set in sterling silver, china and crystal.

Den Dance to Be Tonight

Another in the series of Den Dances will be held tonight in the Den. Dancing to recorded music will begin at 8 p. m.

Student Wives Group Offers Special Service to Members

Student Wives of Northwest Missouri State College have formed an organization which meets the first Tuesday of each month in the Union Ballroom.

Smaller groups meet weekly and are taught by interested members of the club. Among these groups are knitting, beginning and advanced bridge, and exercise.

Past activities of the organization have included a fall fashion show, a Merle Norman demonstration, a Homecoming house decoration entry which placed third, a Children's Christmas party, and a potluck dinner. Scheduled events are a candy sale in March and a dinner dance April 5 in the ballroom.

Any married woman student, or wife whose husband is enrolled at MSC, interested in the organization can contact

one of the officers of the club for information. The officers are Dee Perry, president; Paula Cummins, vice president; Vonda Bridgeman, secretary; Helen Rainforth, treasurer; Peggy Schrock, historian, and Mary Matthews, parliamentarian.

Mr. Barratt Releases Information Concerning Teacher Credit Union

The following information concerning the Northwest Missouri Teachers Credit Union has been released by George W. Barratt, secretary-treasurer of that organization.

According to Mr. Barratt, graduating seniors who have signed a contract to teach are eligible to join the Credit Union. He stated that the organization makes loans on signature and also on automobiles.

Concerning new car loans, the Credit Union charges 3% per cent interest per month on the unpaid balance. This is approximately a 4.8 per cent add-on rate, which is "quite competitive." The union pays the premium on insurance on its loans.

The Credit Union office is located on the top floor of the Union Building.

Students Are Invited To See German Films

All interested persons are invited to attend a showing of two German films from the German Consulate which will be shown at 7 p. m. Monday in the Weiks Library Theater.

The first film, "Birth of the Puppet," will be in German, and the second, "The Berchtesgaden Highlands," will be in English.

Coed 'Marches' Late

Marcia Hensleigh, junior speech major, did her lone march for UNICEF belatedly on Jan. 25.

When her fellow students did their Halloween stage make-up march, she

revamped her face to make up her delayed grade. Cotton, collodion, nose putty and plenty of adhesive tape were the materials she used for her transformation.

Art Instructor's Print Chosen for Exhibition

Mr. James Broderick, MSC art instructor in print-making, has received notice that one of his prints, "Windsock," has been chosen for showing in a national print and drawing exhibition.

"Windsock" is being shown until Mar. 3 at the annual fine arts festival at Northern Illinois University, DeKalb, Ill.

Competition for exhibitors was open to all professional artists living in the United States.

In Memoriam . . . Miss Estella Bowman

Former Instructor Dies in Kansas City

Miss Mary Estella Bowman, formerly an English teacher at Northwest Missouri State College died Jan. 16 in a Kansas City hospital.

Miss Bowman taught English in Boulder, Colo., Wathena and Garden City, Kan., and St. Joseph, before moving to Maryville 40 years ago. She taught at MSC until her retirement in 1957.

She received a bachelor of science degree from Washburn University, Topeka, Kan., a master's degree from the University of Kansas, Lawrence, was a graduate of Columbia University, New York City, and attended Oxford University, Cambridge, England.

WEATHER

Like a kaleidoscope,
Changing, ever changing,
The weather moves on.

Summer weather is smooth.
Its colors are pastel,
Slowly,
Ever so slowly, summer's
sunshine and
Happy times begin to fade.
And then too quickly
It is gone.
The weather moves on.

The picture changes.
The artist puts away the
pastels,
And fall glides in.
Everything in autumn is so
Wonderfully unpredictable.
Rain, no longer soft and
warm,
Beats down, down.
It is cold and unfriendly.
But, then the Sun shows its
Smiling face.
The world is beautiful again,
and
The weather moves on.

Winter is entirely too pre-
dictable.
It is cold.
Snow falls.
The world sleeps
Under the blanket of soft-
ness.
Winter is dreary
But it is good because
The weather moves on.

Then there is Spring!
Ah, yes, spring.
All the treasures of Nature
Are unfolded in spring.
There is warm, sweet rain
Slipping through the air.

Tribute From Chairman

Almost invariably when I have met some graduate of years past, he has asked me about Miss Estella Bowman, and has volunteered some memory of her graciousness. Thirty-five years of her life were dedicated to the students of this college, a span of kindness that has left a warmth still to be felt among those who knew and worked with her. Although she has not been with us much during the past 10 years, her death last month came to many of us as a felt loss.

—Frank W. Grube, chairman

Division of Language and Literature

Memories of Co-Worker, Friend

We who were friends of Estella Bowman are grateful for the rich endowment of memories she has left us: her pride in her students and her family, her delight in a good story, an afternoon of lively conversation, a vacation spent together, sharing of ideas and dreams, her loyalty in time of trouble. She quietly gave of herself and her means wherever she saw a need. A fellow teacher in Poland will not forget her letters of encouragement nor her gifts of food, medicine, and clothing. The basement of her church has new lighting because of her generosity. Northwest Missouri is a brighter place because she was a dedicated and inspiring teacher.

— Irene Mueller, professor
Department of Biology

Tribute From Alumna

As a student in Miss Bowman's English classes, I came to know those priceless qualities of mind and heart that must always complement or perhaps transcend intellectual accomplishment in the truly memorable teacher. The inspiration of her instruction, the beauty of her example, and the joy of her friendship are the treasured gifts she gave to me and to the countless others whose lives she touched.

— Elaine Mauzey, acting chairman
Department of Foreign Languages

Projects in Area Colleges . . .

Earth Science Campers . . . Artists Preserve Moods . . . Dorm Conversion . . . Cleanup . . . Egyptian Exhibit . . . Millions For Science

Ball State University has started plans for a summer field camp in the Black Hills of South Dakota. The trip will enable earth science majors to study under natural conditions.

The drawing and painting class at Northeast Missouri State College, Kirksville, painted musicians while they entertained the art group. The different moods of the music were captured by the art students.

Due to the shortage of women's dormitories on the Univer-

sity of Missouri campus, Hadley Major Hall has been converted from a men's to women's dorm. Unusual situations seem to arise quite frequently.

A massive clean-up is underway on the Central Missouri State College campus after fire destroyed sections of the business office in the Administration Building.

James Nesmith, assistant dean of instruction at Stephens College, is displaying his collection of ancient Pharaonic and modern Islamic Egyptian objects in the college library. Mr. and Mrs. Nesmith spent four years at the American University of Cairo, Egypt.

A 2-million dollar social science building has been approved by the Board of Curators at the University of Missouri. The four-story construction will contain approximately 75 new rooms.

There is sunshine,
So much sunshine, and
Everywhere there are growing things.
Weather is fascinating, and
The weather moves on.

Remember to vote today for the Best Dressed Coed at MSC.

The student body will go to the polls to select eight finalists from 15 candidates who were selected Wednesday by judges. The MSC Best Dressed Coed will be announced at the end of the program Tuesday evening in the Charles Johnson Theater.

ends at 9:30? — An AWS committee is investigating the possibilities of changing the procedure or eliminating it.

The AWS representative will be happy to consider any ideas that will make signing out more meaningful and effective for both the students and the hall directors.

Are you unhappy about receiving a penalty mark because your closet door was open or because you didn't get a clean sheet?

Are there other rules that you think should be eliminated or changed?

Tell your AWS representative your thoughts. The rules revision committee will meet next week to examine the rules in the "Hey . . . Look Me Over!" handbook.

Are you confused about the school's policies on grading, probation, and appeals?

Attend Dialogue Monday evening. Dr. Charles Thate, dean of administration, will explain the system and answer any questions that students may have.

THE INNOCENT LITTLE BOY

The little boy,
Who never knew what he
missed out of life.
Now he is gone.
Never to return on the face
of this earth.

He will always be remembered by his family and friends,
Even though, he never had,
A full chance to mature,
And grow up.
Poor little boy, he was taken
from this earth,
So young, so innocent, and
so precious
To everyone, who looked
Upon him.

Now he is gone, Why?
No one really knows.
Whether you're young or
old, rich or poor,
When your time comes, you
shall go.

Poor little boy,
You never had any time,
To know what life was
really like,
Cause you were only
three-years old.
God took you away from us,
Never to return;
Only to be remembered
In our hearts and minds.

Goodbye, little boy,
Maybe someday I'll see you
again,
In a place,
We call HEAVEN!

Bearcats to Face Bulldogs In Final Conference Game

After a 71-62 loss to Washburn University, Topeka, in the final non-conference game of the season, Northwest Missouri State hopes to close its conference basketball schedule with a win over the Kirksville Bulldogs at home tomorrow night.

A win over Kirksville would even the Bearcats' conference record at 5-5 and bring the season's record to 10-11. NEMSC will also be trying to even its conference record as both teams have 4-5 marks.

The 'Cats will be facing a team that defeated them 67-56 at Kirksville in a sloppily played game. In that game MSC shot poorly and could generate no offense. Kirksville's Paul Ozug, a 6-5 junior forward, dominated the game by scoring 22 points and grabbing 12 rebounds to lead both teams in each department.

Ozug is the conference's leading scorer at 21.2 and third leading rebounder at 13.5. Don Sears, MSC's sophomore forward, leads the rebounders with 14.2 and is ninth in scoring at 13.5.

If the Bulldogs' previous games mean anything, MSC should be placed in the favorite's role. The 'Dogs, losers in only one of eight games at home, have been able to win only two of 10 games on the road.

The Bearcats will be facing a team that has a better field goal percentage record, 42 per cent to 40 per cent, but the 'Cats have a better free throw percentage, 64.4 per cent to 63 per cent. MSC also has a slightly better rebound per game average, 51.7 to 51.4.

The visiting Washburn Ichabods clicked on 57.7 per cent of their shots, 30 of 52, while MSC hit only 25 of 72 for 34.7 per cent in coasting to their Jan. 8 victory.

Don Sears performed outstandingly for the Bearcats with 25 points and 13 rebounds but the rest of the Bearcat team, with the exception of Bob Nelson, who hit for 14 points, fell below their normal output as the club dropped its 11th game in 20 outings, making it impossible to finish at the .500 mark with only the Kirksville game remaining.

Washburn, now 10-7 for the

season, managed its second win of the season over MSC with Ron Berkholz's 18 points and five rebounds leading the way.

'68 Baseball Practice

Coach Burton Richey has announced that almost 50 boys turned out for the first baseball meeting Friday, Feb. 9.

All other athletes that are interested in trying out for the team should see Coach Richey by the opening day of practice, Monday, Feb. 19.

New Bearcat Rivals Included In Varsity Football Plans

The Bearcats will tangle with two new foes during the coming varsity football season, according to Mr. Ryland Miller, MSC athletic director.

New rivals on the Bearcat schedule for next fall are Ft. Hays, Kan., State and Lincoln University of Jefferson City. They replace Peru, Neb., State and Drake University on the 1968 slate.

Although not on the '67 Bearcat schedule, Ft. Hays State is a long-time football rival.

The complete football schedule follows:

Sept. 21 Arkansas A & M at College Heights, Ark.
Sept. 28 William Jewell College here, 7:30 p. m.
Oct. 5 Ft. Hays State at Hays, Kan.
Oct. 12 Lincoln University here, 7:30 p. m.
*Oct. 19 Southeast Missouri State here, 7:30 p. m.
*Oct. 26 Southwest Missouri State at Springfield.
*Nov. 2 Central Missouri State here, 2 p. m.
Nov. 9 University of Missouri, Rolla, at Rolla.
*Nov. 16 Northeast Missouri State here, 2 p. m.

*Indicates MIAA conference game.

Bearcat Tankers To Face Kearney

The Bearcat swimmers carry a 2-4 record into a meet with Kearney, Neb., State College today after suffering two consecutive defeats.

MSC swimmers dropped a 67-37 dual match to defending MIAA champ Central Missouri State on Jan. 20.

On Jan. 26 the Bearcat tankers fell to a strong Wayne, Neb., State College 73-31. The Nebraskans, with the same squad that placed in national competition during 1966-1967, won all but three events.

Winning individual places for the 'Cats were Jerry Peirce, first in the 50-yard freestyle in :30, and Ronnie Harris, first in the 200-yard breaststroke in 2:29.

MSC's 400-yard freestyle relay team of Peirce, Paul Fields, Bob Osmun and Randy Hansen captured that event in 3:43.9.

Mark Thomas took second for the 'Cats in the 200-yard backstroke.

MSC BEARCATS

vs.

KIRKSVILLE BULLDOGS

7:30 p. m. Saturday

Lamkin Gymnasium

Wrestlers Take 5-2 Record Into Closing Dual Matches

The Bearcats have compiled a 5-2 record in dual wrestling meets to date and are preparing to enter the final stages of the season.

MSC grapplers handed the Hiram Scott Scotties their first dual wrestling loss of the season Jan. 19, by a 20-8 count.

The only Bearcats to suffer defeats were 145-pound Paul Stehman and 123-pound John Crandall. Bill Rex scored the most decisive Bearcat victory with a 15-0 rout of Ed Hendrix.

The 'Cats returned to the mats the following day and took their first dual loss this year at the hands of the University of Missouri Tigers in 18-17 style.

Steve Cavanaugh put the Tigers ahead in the opening match by pinning Jerry Schropp for a 5-0 victory. MSC gained ground in wins by Stan Zeamer and Paul Stehman, but the final matches proved disastrous as MU matmen won three straight over Rich Downing, Pat Olheiser, and Keith Burge.

MSC's Al Borkowski narrowed the Tigers' first win over Maryville to a one-point margin when he pinned Gary Frieders in the heavyweight match.

'Cat grapplers bounced back

that evening to post a 20-9 victory over Northeast Missouri State.

The last three matches proved to be the Bearcat victory margin in a 24-16 defeat of Warrensburg on Jan. 24.

Bearcat matmen gained their fifth dual win Feb. 3 when they dropped Graceland College 22-16. Heavyweight Borkowski capped the MSC victory with a pin on Chet Hicks in 2:30.

Adams, State, Colo., overpowered the 'Cats 21-6 but the MSC grapplers returned to rout Ft. Hays State 24-8 in a triple dual meet Saturday at Ft. Hays, Kas.

Stehman, with a 6-2 win over two-time NAIA national champion Mike Stanley, and Rex were the only glimmers of victory seen by the Bearcats in the Adams State match.

Rex outscored Bob Brock of Ft. Hays 7-1 to be the only MSC wrestler to win against both competitors. Borkowski gained a pin over Grady Elder in 4:30.

The Bearcats are scheduled to travel to the University of Nebraska tomorrow for a meet. The last home match of the season is set for Tuesday when Parsons College meets MSC.

'Cat's-Eye-View

The old 'Cat is a little disheartened today because tomorrow night is the last basketball game of the season. Let's have Lamkin Gym filled to the brim as the Bearcat roundballers close the season against Northeast Missouri State.

The sports fever is apparently hitting a new high at the University of Missouri at Kansas City.

More than 71 per cent of the students who voted in a recent election at the UMKC campus favored a \$2.50 increase in the student activity fee to finance a \$30,000 basketball team. Final decision on the matter of initiating a basketball team rests with the UMKC Curators.

In 1916, the name "Bearcats" was adopted as the of

ficial school nickname and mascot as the result of a compliment by Dan Nee, then coach of the Drury College basketball team.

Mr. Nee told Coach Walter Hanson of MSC that his team fought like "Bearcats."

With this year's basketball season drawing to a close, the old 'Cat notes that the winningest basketball coach in the history of MSC was Wilbur "Sparky" Stalcup.

During his mentorship, from 1933-1942, Mr. Stalcup's teams compiled a 119-47 record. Coach Stalcup had only one losing season while at MSC.

Mr. Stalcup left MSC and became head basketball coach at Missouri University. He is presently assistant athletic director at MU.
